

## VM Grants WG3 “Genes to ecosystem”

CA23121 GENOA

### *Call for a Virtual Mobility Grant (VMG)*

Work on VMG taking place between **1<sup>st</sup> June - 15 September 2026**

**CALL DEADLINE:** May 10th, 23:59 CEST

**ANNOUNCEMENT DATE:** ten working days upon receipt of the applications or May 22, 17:00 CEST at the latest

### BACKGROUND

Working group 3's main objective is to improve conservation management of populations, species and ecosystems using genetic diversity knowledge. We assess the degree to which species and habitat assessments and management plans/actions have incorporated genetic diversity concepts. WG3 is also concerned with linking genetic diversity in species with other levels of biodiversity and connected metrics in (socio-) ecosystems, developing its work through a series of thematic subprojects. **The Virtual Mobility in this call aims to support progress in the work plan of WG3 through contribution to the subproject on Genetic diversity in Red List Assessments**, led by Emina Šunje ([sunje.emina@gmail.com](mailto:sunje.emina@gmail.com)) and Mehmed Kursat Sahin ([yasambilimci.kursat@gmail.com](mailto:yasambilimci.kursat@gmail.com)) in view of achieving the WG3's objectives, tasks and deliverables.

### THE PURPOSE OF THE VM GRANT FOR WG3

**The VM Grant** will focus on contributing to WG3's sub-project on Genetic diversity in Red List Assessments. The VMG will focus on contributions to this sub-project that pertain to reviewing and evaluating the availability, type and use of genetic information sensu lato contained in the IUCN Red List of species assessments.
